

U.S. Department of Energy

OAK RIDGE OPERATIONS OFFICE

ANNOUNCEMENT

3972

August 28, 2002

SUBJECT: CARDIOPULMONARY RESUSCITATION CERTIFICATION

Thirty-seven employees from Oak Ridge Operations (ORO), the Office of Scientific and Technical Information (OSTI), the Y-12 Site Office, and the Office of the Inspector General have recently received certification to administer cardiopulmonary resuscitation (CPR) and operate the automated external defibrillators (AED) that are located in the Federal Building and at OSTI.

Seals will be affixed to the outer door of each certified employee's office to assist you in locating a CPR certified employee during a cardiac emergency. In addition, a list of CPR/AED certified employees will be posted on medicine cabinets and first aid kits in Oak Ridge facilities. Wackenhut Security employees will be provided with a copy of the list, as will the ORO Emergency Operations Center. The list will also be posted on the Human Resources Division web site at <http://www.oro.doe.gov/pmab/HealthStation/HealthStation.htm>. CPR/AED certification classes will continue to be offered periodically. Requests for participation should be made through the Training & Development Group web site at <http://www.oro.gov/tdd/tddhome.htm>.
